Service worked perfectly,OP needed to link an xbox account to my epic games account to get this done,but you can unlink it later whenever you want.

He told me his vbucks aren't carded or stuff like that,my account is not banned or restricted in any way.

Vouch for your service Tempaar. ?

(Account I gave him was a blank one)

TOS:

I don't see anyone reselling this btw, you should try a different country because some other people can offer for way lower.

Are you able to add this to an established account? If so, am definitely interested.

Ayane - July 17, 2018, 10:31 am

i can as long as it's not connected to a ps4

What about Xbox one?

Ayane - July 17, 2018, 10:53 am

if you trust me enough to sign in to your account i can do it on xbox one :)
