thread:

none lol this dude sees me browsing CE and he decides to PM me

description:

Wants to trade 135pp for 135 btc, sent pp and he stops replying to pm's. He changes his user and decides to continue posting on the site.

He had other disputes at the time but lied to me saying he had fixed them but the members weren't on yet to close them ?

This sucks man, but you really did a deal with someone who had 2 open deal disputes? Not smart believing his lie. Anyways I really hope you get your money back.

Tesla - June 29, 2018, 12:58 pm

Ya man you gotta make sure to search their uid before dealing

Danny Khalifa - June 29, 2018, 12:59 pm

Use me as a middleman next time if I can't exchange your funds.
I will assure you get the deal done.

Legit report, best of luck resolving this. You should've definitely checked his UID before dealing ?

TO @OP.

kindly be familiarize yourself with new forum policies. specially, the marketplace ones.

here, take a look - <https://hackforums.net/showthread.php?tid=5851151>

Omni made it clear that if he found someone doing CE without using contract system. he will ban him/her. but you need HF PM Evidence I'm sure before you PM OMNI.

but once again, read the new policies. OMNI and other admin/staffs are actively working on making this forum a better place it used to be or its widely known on other forums.

please contribute and do not deal in future without using contract system. ?
