Thread: [\\$100,000,000 and no real love or \\$10,000 with real love in life?](#)

Ritch Jix - July 1, 2018, 8:11 am

I'm wondering which choice you would make if you had the chance to choose.

Life A: You've started a company and sold it to google for \$100,000,000 but you will never find real love in life, however you are rich so one night stands are daily.

Life B: You work from 9-5, saved up 10 grand but you do have a wife/husband/gf/bf that really loves you till the day you die however you'll never be financial rich.

AeroBlue - July 1, 2018, 8:12 am

Definitely 10,000 with real love, can't put a price on that but you can always earn more money

Mr Meeseeks - July 1, 2018, 8:12 am

I would definitely go with choice B, the motivation and such would be more valuable to me in the long run.

Ritch Jix - July 1, 2018, 8:17 am

Decided to increase Google's offer on Life A to make it more interesting.

carcossa - July 1, 2018, 8:17 am

Interesting, you wouldn't mind to never experience true love?

jesuschristisfake - July 1, 2018, 8:22 am

Why does it matter to theorise about something that might not come true? Work for either way.

BTW I'm taking the A option. Love does not exist my man.

N - July 1, 2018, 8:22 am

I'll take the \$100,000,000. Who needs love anyways? I'll just pay those one night stands to love me in process.

jesuschristisfake - July 1, 2018, 8:23 am

I forgot to add, that in the day and age we live in, social media and all that, love is dead.

One night stands wouldn't give you true love with a child (legacy) raised with 2 parents that love

eachother and their child.

Two-Ton 21 - July 1, 2018, 8:25 am

"Life without love is like a tree without blossoms or fruit." Money/success only make me happy for so long before I realize I wasn't really that happy. I'd pick the \$10,000.

Who needs all that? That \$100,000,000 will give me a legacy.

mawrek - July 1, 2018, 8:26 am

i've been poor all my life and nothing can silence that pain except a lot of money. i've had way too many fake friends and never found true love. Life A is what i will choose. you dont need someone else to love you. if you do, you are offending yourself. the only person who needs to love you, is you.

Black Hat - July 1, 2018, 8:27 am

Define real love, everyone experiences love differently IMO.

merkulate - July 1, 2018, 8:35 am

Option A. I'd rather have the money than true love. I can do a lot more with \$100,000,000 as well.

DenizZ - July 1, 2018, 8:37 am

\$10,000 with love. Money has no value without love to me.

HEXAGON - July 1, 2018, 8:38 am

I would have to choose choice B , A life without love is a life wasted , Plus , a smart man can turn 10 grand into a 100 grand

Caliban - July 1, 2018, 9:00 am

Its not an easy choice but imo option A seems more exciting. Imagine all the things you could do with that amount of money, also you would automatically get plenty of female attention, who cares if they dont truly love you. Option B is kind of the cookie cutter life that i dont really desire, even tho it sounds "romantic".

Wolf - July 1, 2018, 9:04 am

There is no point in having things if I have no feelings towards them.

Since I do not care about someone loving me, I only care about things I love, I'd take option 1.

Seany - July 1, 2018, 9:10 am

Probably the money and enjoy it with my friends.

NLSProductions - July 1, 2018, 9:16 am

I was always one for option B in my earlier life but having already experienced love and also loss, I choose A.

Not because im heartless nor obsessed with money but with 100 million I could seriously change lives for generations to come, rather than risk it all on selfish fulfillment.

GrandpaSherman - July 1, 2018, 10:04 am

Lmao \$100,000,000 any day of the week.

Loving 1 woman for your entire life LUL women age, but new women don't
There are millions of saps with a wife and a kid n shit and they got \$10,000, enough for 4 months

Compulsive - July 1, 2018, 10:07 am

I would choose Option A, as traveling could easily supplement the lack of real love.

sAVITAR - July 1, 2018, 10:07 am

Mac Miller - July 1, 2018, 11:10 am

Honestly I'm very torn. On one hand, real love is something I want to experience, on the other hand 100 mill and one night stands are amazing, I'd never have to work again or worry about getting laid.

If I really had to choose I'd go with option A, real love isn't that important to me.

Mac - July 2, 2018, 2:25 am

\$100,000,000. Wasn't a hard choice.

CreativeHold - July 2, 2018, 2:30 am

Juffar - July 2, 2018, 5:45 am

Definitely option A. I'd be in love with my money and that'd be enough.

Darb - July 2, 2018, 5:47 am

\$10,000 with real love in life! I don't need to think about it.

Judge Judy - July 2, 2018, 6:38 am

2073436 - July 2, 2018, 11:30 am

100 mil: you'll meet interesting people, have an interesting life and leave something behind

You're on a whole new journey and not so many people have that amount in this world, many more have a 'true love'

True love can't replace what you will experience with \$100m in your bank account

You can just be around people you love and get hoes every 2 days = you can fuck and you'll be happy with people around you

Marionettes - July 2, 2018, 11:48 am

100mil and live a very short life

xitoxic - July 2, 2018, 11:52 am

I have already experienced true love :P

Pseudo - July 2, 2018, 12:03 pm

100,000 and go find myself some real love.

Bellum - July 2, 2018, 12:16 pm

Option A because then im hella rich.

Korvo - July 2, 2018, 12:17 pm

Cus at the end of the day, you're number one. Always count on yourself, that way you don't get let down. And hey all that money would be a hella awesome.

This is an unrealistic choice, one that will never happen. If such a choice really had to be made, I can assure you, almost everyone would go for the money.

MrR0b0t - July 3, 2018, 11:13 am

Takehito Morokuzu - July 3, 2018, 1:15 pm

I've never experienced love. Nor am I sure I ever will. I wish it would happen, but I don't know. Having a lot of money is great and all, but I'd get bored of it very quickly. Whereas love on the other hand should be very interesting until the day you die. And as long as I'm not homeless and have at least some money to spend on things I want, I would go with option B.

There are at least twenty people in my life that could use some financial help and I would always go for 100M rather than love.

The very thought of living a 9 to 5 job with kids, wife and weekend bbq with superficial and mediocre friends for the rest of my life makes me feel uncomfortable already.

The opportunity to travel the world with my bro and a few friends, drive favorite cars and motorcycles,

jesuschristisfake - October 28, 2018, 9:14 am

\$100,000,000 anytime, I don't want to get hurt when it ends

Yin Yang - October 28, 2018, 9:15 am

Bluffer - October 28, 2018, 9:15 am

Zeus - October 30, 2018, 1:00 pm

I would take the lower amount, with ensured REAL love. <3

b?xxy - November 2, 2018, 11:12 am

I'm fine with having a decent 9-5 job and never being rich under those circumstances.

Nima304 - November 2, 2018, 11:13 am

I'd rather be rich, you don't need love in life to be happy.

Neodraxis - November 2, 2018, 3:25 pm

\$100,000,000 with no real love easy.

MadG00fy - November 2, 2018, 3:27 pm

Good question, but I think I'm gonna take money.. Probably I'll regret it once I'll have everything that I want... But I could do a lot of stuff

Redemption - November 2, 2018, 3:45 pm

I would choose life B. I think a mistake people often make is not finding their true love in their life. On top that, your wife/girlfriend/husband/bf truly loves you so no matter what, they'll be there for you.

ririki - November 2, 2018, 3:46 pm

I am more "money kid" I would take money without real love, would buy people who would "love me"

?

dontspamthisplease - November 2, 2018, 4:08 pm

You can buy multiple real loves with 100 million dollars you know

SIM-2501407 - November 2, 2018, 4:18 pm

100m for sure. Don't need love when I have enough money to do what I love everyday of my life. Also can bring along friends, who may not LOVE me, but like me. All i really need.

Crypt - November 2, 2018, 4:25 pm

I would choose the \$10,000 and real life. I want kids and a family someday and with that 100m I'd probably get tired of smashing a new ho every night.

bananachocobo - November 3, 2018, 9:39 am

Already have my real love. So I'll just take my \$10,000.

Elvira - November 3, 2018, 3:54 pm

10000 and real love. id be fine

funnelmentals - November 6, 2018, 8:55 am

If only there was an option C

However, I would choose B because money wouldn't satisfy me overall.

Oran2009 - November 6, 2018, 9:08 am

10,000 with real love. What is the point of having a ton of money without love?

Smexy - November 6, 2018, 9:35 am

I guess I would take that 100M just so I can experience life with too much money.

GainsForDays - November 6, 2018, 10:57 am

(Jul 1, 2018 08:11 AM)Ritch Jix Wrote: [\[CITE\]](#) I'm wondering which choice you would make if you had the chance to choose.

Life A: You've started a company and sold it to google for \$100,000,000 but you will never find real love in life, however you are rich so one night stands are daily.

Life B: You work from 9-5, saved up 10 grand but you do have a wife/husband/gf/bf that really loves you till the day you die however you'll never be financial rich.

Easy 10k and a wife.

People over appreciate \$\$.

Predator965 - November 6, 2018, 11:01 am

100 mil and not being happy is like being poor and unhappy. Nothing changes.

I want to be happy in life , fuck money , i don't give a fuck about being rich if i'm not happy.

jesuschristisfake - November 6, 2018, 12:14 pm

Real love doesn't exist, there's only lust and the person that you get along with, which is basically what lust is, lust makes you do crazy things for that person because people are possessive in nature, so that's why we think we do shit for the person cuz we love them, while in fact, all we want them is all for us, to stay.

It's depressing to try to make someone stay, while in fact, it's our possessiveness that's making us

do it, we don't even realise it

WageWolf - November 6, 2018, 12:21 pm

I'll take the 10 racks with some real lovin!

CrystalFlare - November 6, 2018, 3:43 pm

real love is so priceless and rare to find but with 100mil i can do hella good also LOL

Guentzel - November 6, 2018, 7:59 pm

Definitely option B, life would suck after a few years tbh

Jack Bauer - November 6, 2018, 8:14 pm

I'll take \$100m. Love is overrated.

Sounds like someone dated a hoe.

It's fortunate that real love exists. And so does \$100M. But one is much easier to get.

PerfectStorm - November 6, 2018, 8:23 pm

I will take the 10k and run mang
