Thread: [click to make money \[3X REFUND GUARANTEE\] \[VOUCHED\]](#)

Techius - July 3, 2018, 5:15 am

For a long time, I've been thinking of ways to make money and I've spent thousands experimenting and trying different methods. This isn't a book promising you everything on a gold platter. That's not my style. After months of experimenting, I'm proud to introduce the Money Bible. All of the methods included in this book have been tried, tested and PROVEN to work.

I'm extremely confident in this being able to make you money. If, for some reason, you are unable to make money I will not just refund your money one time or even two times. You will get 3x your original money back*!

Most of these scriptures don't require any investment. Some may do, but it's not a necessity.

If you want to actually make money instead of being sold crap; you're at the right place.

MY INCOME FROM THE PAST 36 HOURS:

\$34.99 FOR THE MONEY BIBLE!

INCLUDES:

- Methods (over 70 pages of gold!)
- Support (you shouldn't need this!)
- Guarantee of 3x refund*

SOME VOUCHES:

(Jul 7, 2018 05:56 AM)Sir-Teabag Wrote: [\[CITE\]](#) Alright I'll vouch for this. I've just been out for lunch so didn't have much time from earlier to check it out.

Pros:

- It's well structured: I can tell you've put a lot of time in to typing this.
- It's legitimate: From what I found, you didn't just copy and paste this from online somewhere.
- It will actually work: it does take dedication for sure, but I can see how this could actually make one a bit of profit.
- A lot of it is pretty new information to me
- Whilst being able to pretty much guarantee profit, it's probably best for someone who can't work actual labor, which I see that this is mostly aimed toward.

Best of luck with the sales! I'll let you know how I go with using some of the methods.

TOS:

- * Refunds are decided at my discretion.
- No screenshots or quoting of the methods.
- No sales trashing.
- No doing deal disputes or scam reports.
- I can change the TOS whenever I want.
- I can impose additional TOS stipulations.

Also you can burn in hell for this post - <https://hackforums.net/showthread.php?tid=5855223>

Doubt you make any money from these methods as you wouldn't even sell them to public to get saturated if they made you \$1.9k in a day and a half????? Wow you think we are dumb?

You're just hopping on the band wagon to sell ebooks with methods that you collect over the internet and know nothing about them or you'd atleast make a thread design for it with a lot more info

You also buying other people's money making ebooks if you make so much? And crying about \$24 measly bucks???? Omg

They're vouches for this product. Disagreeing with that fact constitutes as sales trashing.

So you lied about sending out vouch copies? You said you were doing that in this thread, but you are relying on vouches from old threads.

Either you lied about sending out vouch copies or no one you sent it too had anything positive to say.

Just connecting the dots. Disagreeing with these facts constitutes logic trashing

Also why does your sales pitch make it seem like a new method if you're just selling an e-book you've been selling for a while?

Techius - July 11, 2018, 5:04 am

1. Don't call me a scammer, sales trasher.

2. I've taken multiple photos of my apartment which can't be found on Google. Weird! You accuse me of being a scammer and not living in the apartment, but why aren't there any other photos of my apartment on the internet if I was faking it?
