Thread: [Drawings to real Images](#)

Popdog - July 3, 2018, 7:53 am

Just saw a video on youtube and the guy was drawing something and it was converted into a real picture.

I thought it would be funny to share it and look what you can do :D!

Sadly you can only draw preset things such as a cat, shoes, building or bag. But lets see!

This are some of my attempts haha

A beautifull cat:

That's kinda neat.

Might play with that later.
