He definitely knows what he's doing.

(Dec 21, 2016 09:01 PM)neeuQ Wrote: [\[CITE\]](#) Koolsami7 is a great coder who does his work faster than the given deadline flawlessly. Even though I was stuck with a low budget, we negotiated and reached to a payment where I was comfortable with. He did my work perfectly, and provided great support and bug fixes. There were no issues except on the payment part, that was on my side to be honest. Besides that, I'm highly impressed with this user's coding skills.

I highly recommend this user for your coding needs. ?
