Hit up nordstrom and ask when they were used. You'll have your proof

yeah it's obvious he scammed me, regardless of the proof. The b rating can't be removed/changed tho is the sad part....

live chat can't access notes history, and i cbf lol i just added the notes in the op and ppl can check themselves if they don't believe me. he also sent the notes in a privnote like a slimy bitch so i can't prove those are the ones he sent me lol, it is what it is. He never even replied to my pms asking for a rf, he just straight added me to ignore, if that isn't obviously a scammer then idk what is.

So if your a upgraded member and you scam someone there is no punishment or anything? Even when the victim shows proof? I was thinking of buying the upgrade account but did not see this as a Privilege in description?

You don't have to be upgraded. Staff doesnt get involved in deal disputes. It's in the [Help Docs](#), stickies, 50% of replies to threads in this section

Damn, you should message Xerotic and explain your situation. Not sure if he would remove the negative b rating or not but its worth a try
