Thread: [Information Gathering PiPiX](#)

GodAmon - July 6, 2018, 6:23 pm

Hi guys.

I've coded an information gathering tool.

Can you try and tell me your views?

Don't share your api key.

You use os.system to call python scripts. Imho you should make a package and import the scripts in your main file

koolkid - July 7, 2018, 4:50 am

will check it out later once i am awake :)

and i think i am gonna make some changes to it.
