Thread: [working unkown rat available](#)

**tommy198013** - July 9, 2018, 8:36 am

Hello

i have new unkown rat working perfectly since blackwhiteguys.me went down i have been working on how to make it work again,i have to host it on a server before it can work if you are intrested

contact me on my skype:dericbold@gmail.com  
jabber: tommy@hacker.im

thanks

How much are you selling it for? I am definitely interested. Did you add any new features?

**tommy198013** - July 9, 2018, 9:02 am

all the features are working perfectly

**Hailstone** - July 9, 2018, 9:06 am

What are the features of this?

**tommy198013** - July 9, 2018, 9:10 am

works on window,mac,linux,andriod,

Whats the price?

**tommy198013** - July 9, 2018, 1:30 pm

50\$ for life time i host it in a server for it to work that why am asking for money to keep the server working

That's odd, why does it need to be on a server to work?

**tommy198013** - July 17, 2018, 2:38 pm

i can show you proof to know it works with server to work
