Thread: [\[FREE METHOD\] \\$3800/MONTH ONLINE | Easy To Start & Beginner Friendly](#)

Afluent - July 13, 2018, 9:35 am

Hi HackForums,

Franklin Hatchet & I are hosting a Free 4-Day Training where we go over the exact step-by-step method anyone can use to start generating income online through affiliate marketing.

The plan is to get you to \$4000/mo in 90 days with no upfront cost.

The best part of this is that Franklin (a 7 figure marketer) literally does 90% of the work for you. He gives you EVERYTHING you need to get started (email swipes, sales funnel, traffic generating methods, and even his BRAND).

All you're going to have to do is drive traffic to this "business-in-a-box" to start making money online.

POST BELOW

Here are some of the results Franklin's students have gotten in the past:

Now, he wants to do the same thing he's done with his eCommerce students for affiliate marketing. Don't try to spin your wheels, do trial and error or hacking. Just follow the proven step-by-step method: POST BELOW

I just got off on a 1 on 1 with one of the people running the program and even though I am a newbie to this, they walk you through all the steps even if you don't know a lot. If you consider yourself new to making money online, definitely consider this.

It's basically a MLM scheme. I'm sure it's profitable if you're a good marketer. At the end you're just making them money for "teaching" you this method. These links are also against the rules in this section as it's a ref link.

(Jul 13, 2018 09:35 AM)Datalytics Wrote: [\[CITE\]](#) Hi HackForums,

Franklin Hatchet & I are hosting a Free 4-Day Training where we go over the exact step-by-step method anyone can use to start generating income online through affiliate marketing.

The plan is to get you to \$4000/mo in 90 days with no upfront cost.

The best part of this is that Franklin (a 7 figure marketer) literally does 90% of the work for you. He gives you EVERYTHING you need to get started (email swipes, sales funnel, traffic generating methods, and even his BRAND).

All you're going to have to do is drive traffic to this "business-in-a-box" to start making money online.

POST BELOW

Here are some of the results Franklin's students have gotten in the past:
