Thread: [Forum Userbar set required \[PAYING \]](#)

Noisy - July 14, 2018, 3:03 am

Hello,

I'm looking for a set of roughly 7 user bars for a forum, the design will be quite similar for each, possibly only differences would be the image/name/colour however 2 'upgraded' groups would need the users bars to be a little bit more special, if you are interested please post below or PM me examples of your work.

Thanks
