Rest in peace old league of legend ?

?lex - July 16, 2018, 12:01 am

I liked the game back in the day but people are making too big of a deal about this.. I see a lot of players asking for the old game back, and the minute they get it they'll wanna switch.. Yes the old game was nice, but going forward is essential.. And although Riot messed up a lot of things with their updates, at least they are bringing something new.

Nonetheless, this is nostalgic. :')

Umm... What's happening haha? :)

I just started to play again (just a little bit) when urf came.
