Thread: [INSANE BLACKHAT METHOD](#)

Tigah - July 15, 2018, 7:31 am

Selling an insane method which can make you \$200+ every other day. It requires some work but not much.

Price: \$80 (Increases by \$20 every purchases until \$200)

I will give a vouch copy to a high reputable user.

Refunds will be given if:

- You have contacted me for help
- Followed every single step in the guide
- Actually tried the method

No refunds for those who simply want one. By purchasing you are agreeing to this.

This has nothing to do with E-whoring, fraudulent bank transfers, scamming, hacked paypals, onevanillas or blackmailing

?

Note: Method is written by me, a full guide with step by step tutorials that include how to protect yourself as well.

Hi,

How we suppose to get paid?

PP, BTC, Bank?
Need to talk or chat with other people?
It has nothing to do with IRL work?

Thanks

- Paid via PayPal most of the times
- No need to talk to other people
- You can sit on your ass at home

You can make \$200 every other day but you're selling it for \$80. Is that right?

Would like to know a little more about this please.

Outlaw. - July 17, 2018, 1:09 pm

Do not bother with this, it's just a carding tutorial.

OP you should delete this thread as you're not allowed to discuss nor sell fraud related methods.

Stop bumping this, BH is NOT allowed here, also, the user you gave a vouch copy explained that it's a CC fraud tutorial...

I really hope no-one buys this.

It's leaked. Another carding tutorial

It is not. You're only explaining how to card Nike and some other companies.

You should not be bumping this anymore as it is not allowed on HF.

White Partyhat - *July 23, 2018, 8:02 am*

This is a total bullshit method, Asked OP to go first and he did. It's the same public bs all over leakforums or nulled. I don't advise anyone to buy this.
