Thread: [Byte Lottery: Maximum Tickets Purchasable](#)

Enronitis - July 15, 2018, 2:14 pm

Mostly cause I just had to open a new tab and check exactly how many tickets I could buy for newest lottery-

Can there be something added which takes your current byte amount, and the ticket price and tells you exactly how many you could purchase?

Might be just my laziness. ?

TB12 - July 15, 2018, 2:20 pm

Yes it is you just being lazy

AeroBlue - July 15, 2018, 2:25 pm

Cmon enro, just keep a calculator next to your pc

UpTheCrust - July 15, 2018, 2:43 pm

i think a "buy max" and/or a "buy max you can afford" button would be really cool

Well if you use a regular calculator then you don't have to open a new tab? Mind blown?
