Is this exchange groups? Potentially interested.

Is it people who'd click through to something? Also, please don't say something like, "you never know."

Is there a high likelihood they'll be engaged, viewers?

The only feedback you have is someone saying your English is shit and they cannot understand the guide.

I would suggest no one buys this until proper feedback is provided or a real vouch copy is given out to someone who will actually provide feedback.
