Thread: [Fortnite V-Bucks | Season 5 | \\$45 - 13,500 V-Bucks, \\$85 - 27,000 V-Bucks \[FASTEST\]](#)

Tech - July 16, 2018, 7:34 pm

Selling in denominations of 13,500 V-Bucks only. Please don't comment or post for lower amounts.

\$45 per 13,500 V-Bucks.

\$85 per 27,000 V-Bucks.

I can do the Save the World bundles as well! Please ask for the price!

STW Ultimate \$100 Package is \$45.

PM for higher amounts. Accounts will be done within two hours of payment, almost always within an hour.

I can do this with only your Epic Login, no Xbox account information needed!

This service will be done within 30 minute, usually within 15-20.

I have done over 300k V-Bucks between my friends and this service over the last couple months with no issues.

Terms:

I will not go first under any circumstance.

If you are banned you will be refunded any of the PROFITS I make from your sale. Although zero people have been banned for this as it isn't against ToS.

Just purchased some V-Bucks for a friend.

I'd like to cop, can you do this with just the epic games login? I really don't want my gt to be recovered

Tech - July 17, 2018, 4:44 pm

Sadly you can't. I don't even need your epic games login info :/

I can do it all while on discord or face-time if it makes you feel any more comfortable.

I'd rather you recover my epic games account, couldn't you just unlink my Xbox account from my epic than link yours and do the method from there and the v bucks will still be linked to the epic when I link my account back. You know what I'm saying?

Tech - July 17, 2018, 4:57 pm

When you unlink an Xbox account you lose all the purchases made on the account, so it doesn't work :/

citg0 - July 17, 2018, 6:04 pm

That's only the case if the account was started on ps4 and you Link it to an Xbox account. Everything on fortnite sticks to the epic account so you can link your Xbox account to the epic and do whatever you have to do and just unlink the epic. That would defeat a lot of risks for you and the customer both because you won't be having to recover anyone's account on your Xbox.

Tech - July 17, 2018, 6:08 pm

Okay I am willing to do this for you then. PM me :)

Updated thread with new info. Thanks Faneto, I was under the impression you would lose it.

Muggsy - July 17, 2018, 7:25 pm

HIGHLY interested in this. I will wait until more people buy though unless you can show me un-doubtful proof.

Tech - July 18, 2018, 9:45 am

I mean I wouldn't risk my entire HF account over \$45, but here is a picture of my skins.

I can't do it if a ps4 account has been linked :/

ahfederation1 - July 20, 2018, 1:56 pm

?? if you link xbox and put vbucks on it ,then I can just log on on my pc epic accounts and buy it from there ? even if I have a ps4 linked it wont be a problem ?

?? if you link xbox and put vbucks on it ,then I can just log on on my pc epic accounts and buy it from there ? even if I have a ps4 linked it wont be a problem ?wrong, accounts are only allowed to be on one console either ps4 or Xbox one so if you're on PS4 this vbuck method won't work as it's done on an Xbox and the epic account items don't transfer form ps4 to Xbox. Only pc>Xbox pc>ps4

ok thanks for clearing out hahaha,I bought over 1.3 k dollars of items on ps4 ,was wondering if I could get it for cheap :)

Ok I found the ultim way ,You cant link both console accounts ,unlink my ps4 accounts,then I link the xbox accounts, I buy vbucks ,then I buy items with the vbucks ,then I go to the pc and I should see the xbox items,I stay on pc and unlink the xbox accounts ,I should still see the items bought in xbox ,then I link the ps4 and I should have all the items .

Tech - July 20, 2018, 4:16 pm

Still open. I can't do this if you have linked a PSN before. I have done it for a friend that had a PSN linked and its a pain in the ass.
