Thread: [Anatomy of a Sale](#)

TridentX - July 19, 2018, 6:50 am

Let's do another useless thread. It's a long one but if you want to make some money, it's worth 5 minutes of your time.

I like to use old-fashioned sales techniques which are actually better than SE. What I will show is how to get that guy from the first "Hey" to "How can I pay?" as quickly as possible. It won't work 100% of the time as no technique does. I'm going to show an average conversation based on ones that I have. Then I will break it down to show how and why it works. I'm not posting an actual conversation because I don't want to reveal the exact lines that I use. Over time, you will learn how to tailor this to your ewhore's personality.

This is the long game. Not for you guys that use bots or like to spam. This is for those of you that want repeat sales.

Him: "Hey"

Me: "How are you (Uses their name)"

Him: "I'm ok. Sorta horny. I saw your post"

Me: "What did you think?"

Him: " I wanted to see what you had"

Me: "What would you like to see?"

Him: " A picture of you"

Me: (Sends preview) "Do you like that?"

Him: Yes

Me: "There are more. Better than that. A little donation will help get you more"

Him: "Idk, porn is free".

Me: "So? If you wanted free porn, you wouldn't be here. Let me give you something great. If you don't like it, I'll do what it takes to make you cum"

Him: "Omg. How much?"

Me: (Gives prices and payment options)

So let's break it down step by step

Him: "Hey"

Me: "How are you(Uses their name)" [I asked how he was doing. Shows I might actually care. Taking an interest.]

Him: "I'm ok. Sorta horny. I saw your post"

Me: "What did you think?" [Looking to see if he's interested.]

Him: " I wanted to see what you had"

Me: "What would you like to see?" [Finding out what he wants so I can offer something that he is more likely to buy.]

Him: " A picture of you"

Me: (Sends preview) "Do you like that?" [Setting the trap. Make sure it is the best you can send.]

Him: Yes

Me: "There are more. Better than that. A little donation will help get you more" [Baiting the trap with the prospect of better things to come.]

Him: "Idk, porn is free".

Me: "So? If you wanted free porn, you wouldn't be here. Let me give you something great. If you don't like it, I'll do what it takes to make you cum" [Making him think I will do whatever it takes makes him feel safe to buy.]

Him: "Omg. How much?"

Me: (Gives prices and payment options)

The point of the whole thing is to find out what they want. I can't sell sexting to a guy that just wants pictures. Can't sell videos to a guy that wants to sext. Can't sell steak to a vegetarian. You have a better chance of selling if you actually find out what they want. But you have to talk to them. I'd rather waste the 3 to 5 minutes knowing that they might come back after they encounter some bots.

And honestly, a lot of them do come back. I taught this to my 2 partners and they love it. It gets to the heart of the matter quickly without letting them waste your time.

So remember - Make them think you actually care what they want. Find out what they want. Sell them what they want.

They will only buy what they actually want. You can't make them buy something that they don't want to buy.

Nice thread! This should help some new guys to the scene!

**BlueRabbits** - July 19, 2018, 3:56 pm

Unfortunately this thread is ignored by many people. Ewhoring is EXACTLY what you showed up here. It's about HOW you talk to them. It's about your perspective. It's a manipulation game.

You wrote this one really good! Congrats!

**Pancake Boat** - July 19, 2018, 4:16 pm

Actually. Props for the post you made. Sadly people will still make 100 threads a day crying about how they don't know shit.

Cheers mate!

So what do you say to them?

Maybe something like "yo wassup nigga", right?

If you can't talk like a girl you won't make money.

Also, your earnings are most likely fake and I won't believe you until you post some proof.

wish i could find some transcripts i had of talking to guys, this is pretty good. i usually would try to sell pics and videos then sexting, then refer to my other persona. how well do you do sexting for guys that want to buy? i find that really getting into it is the best way to get repeat buyers

If you want to make money, you have to do what others won't.

That's how I feel about sexting. It makes a lot of money if you do it right. Most ewhores barely want to talk so you know that they don't want to sext.

I won't reveal what I say but I will tell you that there are ways to develop a script that you use for

sexting. I have 4 different ones that I use as they buy. You either memorize it or just copy-paste.

oh you have a script? i just like to offhand it, incoporate what we talk about into the conversation, i've sexted for as low as 20 dollars, so i really don't mind it.

Do you know why people don't post conversations anymore?

Because new ewhores use the lines word for word instead of using the conversation as a guideline.  
Doing that usually ruins it for everyone.

Knowing what to say and when to say it comes with experience. What I posted was just a guide and I'm sorry that you didn't have time to read it.

Don't even bother. Most of this section now is people waiting to be spoonfed, wanting unsaturated packs for free or looking for methods to steal.

Very few new ewhores that actually want to learn how to do this and are willing to work.

If people used just half of the bullshitting skills that they use here, they would be amazing ewhores.

At the end of the day, ewhoring is just bullshitting a guy past all of his objections, fears and common sense. When you do that, he will spend.

Pretty true thing to say. Anyway bro a very good breakdown of e-whoring and good advice !

Indeed, you have to pay attention to the guy and understand what he wants instead of selling him something he doesn't want.

I have rarely seen an equally relevant approach publicly shared. Thank you.
