1000/1350 = about 75% haha

But some other ppl will cop 1k probably, or atleast 500. Especially once they upgrade to r00t and get 1k bonus bytes for upgrading.

Bought a few tickets, best of luck to everyone!

Omniscient - July 20, 2018, 9:54 am

I did first Lottery at 100 Bytes per ticket. Second was 5 Bytes per ticket. This is 1 Byte per ticket. It should give a decent indication to which one attracts the most entries.

Almonds - July 20, 2018, 11:43 am

Entered 250 more entries to give myself a solid chance ?
Good luck everyone!

Mr Kewl - July 20, 2018, 12:15 pm

These lotteries are worthless unless you put actually money into buying bytes from people and then putting all those bytes into these lotteries lol
oh well.

To you? No. To others, yes. It's your money, so you can spend it on bytes if you want. Just these lotteries are going to continue with the same outcome it seems like.

What outcome is that? Lol bytes are just for fun buddy just wait for more updates and more uses for them. Yeah they have no real monetary value but who cares

Guess it's the semi competitive nature I can sometimes let show lol

It is what it is. Bytes are just a fun thing at this current moment in time.
