Thread: [Twitch accounts \(Bulk\) Twitch Prime subs/follows/chat/views](#)

packofmidgets - July 20, 2018, 2:21 pm

I have the following twitch related things for sale:

twitch accounts in bulk: price is \$0.30 each minimum of 10 accounts purchase. if you buy more than 10 you get them for only \$0.20 each. (these accounts are not twitch prime just regular accounts which you can use to get the OAUTH and use for stuff like chat bots or spam etc..)

Twitch prime accounts: price is \$0.50 each they all still have prime sub on them. they have not been used for getting the free stuff like skins or games etc.. so you can use the to sub and get free things from twitch.

Twitch subs: price is \$0.50 each

twitch followers: \$0.25 each you will get more of a discount the more you buy.

Depending on your needs there is a waiting period. (24-72 hours) maybe more if your purchase is large enough.

I can also come and run a chat bot on your chat with your personal requested chat lines. (you will be required to make this or I will charge more. Price for this service is \$5 an hour (if I make the messages then I charge an extra one time fee of \$10. If you use my service again I will use same one or you can pay another \$10 for me to remake it or you can do it yourself.)

I can also add live viewers to your channel. I can usually do about 100-300 viewers at a time though I can increase it possibly for more \$\$\$. Cost for this service is \$5 an hour or until bot gets blocked. (Must be your channel meaning you will not block/report my bots. If you are wanting this done to another channel where this is a possibility to get reported then you will be paying \$30/an hour or until bot gets blocked.)

I can run discounts for ordering multiple services for a package discount.

chatbot and viewerbot combo is \$8/hour.

I can run a HQ package so you can get chatbot/viewerbot/subs/followers throughout a 1 hour period which will cost you \$15-\$20 an hour depending on how many subs/followers you would like to have added.

I will need 12-24 hours prior to channel stream for me to set everything up for your stream.

If you would like to purchase please PM me or post here and I will get back to you.

Payment method is BTC/ETH (Paypal from upgraded members i feel are trustworthy)

All sales are final there are no refunds whatsoever. If your stream goes down early that is not a cause for a refund. You must be ready at an agreed time.

Note* you are purchasing this service at your own risk I am not responsible for anything that could come out of this to you or your twitch account. (I have never had an issue)

Just saying dude if you're going to make it inconvenient you may as well make it cheap. Anyone can get all of what you mentioned by a simple Google search for about half of what you said.

go to them and get it then. why are you here on my post? you just asking for a discount? or are you sales trashing because I cost more than competitors? also most of those will get your account banned my wont.
