Thread: [Silent Monero Miner Builder v2 Project Ownership Rights + Source Code | 5k\\$+ Profit](#)

Tee Plow - July 20, 2018, 4:30 pm

Hello everyone

i'm selling the ownership of my silent miner

i have made more then 5k\$+ selling the miner but i can't prove all of it as i used hexpay first when i started selling it and the the website is down right now

but i have some proofs on rocketr and i made some manual sales

u can find the product on this thread

<https://hackforums.net/showthread.php?tid=5575764>

Buy It Now: 250\$

Accepted Payment Methods: Bitcoin

What you will receive:

- Full ownership to the project and resale rights
- Source code

still selling this project !!

pm if you have any questions

Tee Plow - July 23, 2018, 3:28 am

this project is still for sell !!

get it while u can

Elitas - July 23, 2018, 3:30 am

What language is it written in?
