Thread: [Uber vs. Root?](#)

Mark Zuckerberg - July 20, 2018, 8:36 pm

After skimming through the thread about Root being the new group for Leet members to upgrade to, I've seen a few posts in the thread from Ubers asking if they can upgrade to get the features that Root get.

What are the differences in the groups other than the award, userbar, and username color? Some people seem angry about it, I'm not really sure what I'm missing here?

Quick edit: I was looking through this list, and I don't really see a difference?
<https://hackforums.net/extras.php> Why are people not happy that they can't upgrade if it's basically the same?

? ?

It's simple ub3r can't be bought again, but r00t can be bought
So which one would you value more?

Lavish Living - July 20, 2018, 8:45 pm

Hey, can you start a lottery buddy? Cuz I can.

Other userbar+username color

These are the only things ub3r users can't get. Aside from that they have the exact same permissions and features.

Correct. With all these new updates/changes and the addition of r00t.

It's only a matter of time before new members that don't know anything about Ub3r start asking about how to join the group.

Give it a few years

BITW - July 21, 2018, 2:48 am

I have Ub3r + R3KT so it is better :)

I know, I stole your content, added 1 thing and removed your name from the quote ?

mrnapolean1 - July 21, 2018, 8:13 am

Ub3r is no longer obtainable.

Current Ub3rs cannot upgrade to R00T

There is no feature difference (as of this writing 7-21-18) between Ub3r and R00T

So for those that didn't get a chance to get Ub3r or that were denied or perm denied Ub3r, now is your chance to gain Ub3r like features under the R00T banner.

Sigma - July 21, 2018, 9:59 am

They seem to pretty much be the same, just additional award and bytes. Pretty cool!

When was this released? Yesterday? The color looks sick as fuck. I love it , even the award itself.
Need 100+ rep for it. Someone mind giving a hand? I'll rep back.

Hopefully I'm not gravedigging but for some reason I can't see the UB3R upgrade option anymore.

I tried to apply a few times don't never had luck, soo does that mean I'm perma banned from reapplying lol?
