Thread: [Marketing Services - Reach your target niche directly](#)

NZT - July 21, 2018, 4:09 am

I can get your message directly in front of 1,000 targeted users every single day.

I guarantee you that this advertising method will have a conversion rate higher than any other method around.

Rate: \$25/1,000

How the method works will be explained in more detail to interested customers over DM (or preferable discord/telegram)

I know this thread is basic, but I will make it look nicer once I know whether the market is interested.

If anyone has something they want to promote, this is the route to go. Thanks OP ? (Jul 27, 2018 01:57 PM)SameFish95 Wrote: [\[CITE\]](#) Did a 1000 click order with OP and everything went well.

He deeply explains you how he is going to promote your link and even look for the right "target" with you before delivering.

I got 1100+ impressions (he over-delivered) with a CTR of 11%. Definently a very good service!

Does this involve any blackhat method?

I'm interested in this if it is legit and legal.

In case the conversion rate is decent, I'll make a big order next month.

I'd like as much information as you can give me in a pm.

Depending on the niche of your store, this method could work perfectly!

Getting in touch with you via PM.

I question your seriousness, when you ask me to add your IM before disclosing any information about your service.

I've written to you on discord two days ago, and hasn't got an answer even though you've accepted my request.

I don't believe I have had any messages from you through Discord or Telegram. You told me you added me over PM, but have heard nothing from you since.

If by some chance I am mistaken (as I may well be, as I work a full-time job alongside this, so some things do slip past), please do not hesitate to ping me again on Discord and I'll get back to you right away.
