Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your Service.

Service: [\[\\$15\] >>> SM-BOOST <<< INSTANT INSTAGRAM LIKE AND VIEW PANEL \[#1\]](#) by "Woods"

I was offered to review OP's service a few days back and I was happy to do so. This is a very simple service, so this will be a very simple review.

At OP's request I made a video trying out his service as well. This video is displayed further below.

His service is simple enough. You can buy likes/views for your Instagram posts, and those likes will then be delivered quickly after your initial order. OP did have some delivery issues however, so my order took a bit over an hour instead of 5 minutes or so. I don't really have anything to complain about though, as the service worked well no matter.

Below you can see me testing out the service live and proving that it works. Best of luck with sales OP ?

man this is sick, if only there is a follower option, that would be awesome.
probably limit max 10k or maybe 100 followers per day, something like that would be cool

Maybe in the near future, followers are just a lot harder to justify limitation. We want to keep the panel as cheap as possible and have no need to boost the price.

Thank you for your opinion ! I don't think many person would be interested in 100 followers a day, because it would increase the price. If you want 1k followers for free PM me ;) I'll do it just for you.

Just bought this, so far so good! Managed to get views straight away on one of my posts but the second post I did, it is taking a while. But I'm pretty sure they will come up soon as well as the likes! Thanks for this service, really needed for me and appreciate it. Good luck. ?

Ps. Would love it if it's possible to get followers up, but then again I need organic ones for my page :)

Edit: I received the likes after 15 minutes of ordering them!

I appreciate the purchase, as the panel becomes more popular we will be adding more features.
The limit for each photo I do plan to increase to 5k-10k each, in due time we will see.

Amazing tool honestly! Keep it going as much as you can. Just a dearly note; min likes is 20 but essentially requires 50. Can you fix that please?
