Im since 2007 when the forum opened. I know that adding neg rep for no reason is rep abuse and you cant just go to random profiles and neg rep users just because you like it. Anw waiting for staff response if we can do it in 2018 then i will take care of him very well in my own way ?

You can read more about reputation here:

At this time we don't have a system in place to report abuse.

What is revenge rep and is it allowed?

Revenge rep is the practice of getting a negative reputation after you have given that member a negative. This is not against the rules. Clearly if you leave someone a negative, you can expect them to reciprocate. Think carefully about your choices when leaving reputation. If you fear revenge rep, then reconsider. Admins will not take action on revenge reps.

Can I get a negative reputation removed if it doesn't make sense or isn't fair?

You may contact the member that left the reputation in order to understand why it was left. However, you may not harass or threaten the member.

You can't report reputation anymore.

@OP - reputation is valid as it's a canned messaged.

A reason you don't know about or a agree with doesn't mean there is no reason. Do you think he rolls a dice to give reps? He has a reason. Whatever the reason is, does not concern you. The member has the right to give you whatever negative he wants for whatever reason he wants, including rolling dice or pulling your name out of a hat.

I can't stand morons like you. How you can fucking breathe being so stupid?
