Don't even bother with this.

You won't make a dime.

Personally I've made around £5 today in about 30mins. Im trying to be nice by sharing the method and trying to help people who want to earn quick cash.

This is not quick cash.

This is just you trying to earn cash with shortened URLs and build a referral scheme.

blueunknown - July 24, 2018, 11:04 am

It is quick cash, surveys and autopiloted ads give the money. The ref link gives people 5% commission so we get more gems together. The Shortened URLs is to help me make money, because I'm giving out a eBook which will help a lot of people. I will send you proof of me getting money if you want.

You're the only one getting money with this because of your referrals, new people trying this won't earn a dime as I said because it's just a Ponzi scheme.

Listen man, I'm not going to keep arguing.

You already know what I said is true, no one will earn actual money with this.

I didn't want to get into an argument either? People will make money of this and they could as long as they're patient.
