Thread: [Good HF hosting provider that has been in business at least 5 years?](#)

Muddy - July 24, 2018, 12:54 pm

Hey HF Marketplace

I'm trying to find a couple of hosting providers here on HF that have been in business for at least 5 years. Hosting providers, I mean as in shared, VPS & dedicated hosting solutions.

It would be nice to get some recommendations. Thanks!

Probably why he's looking for HF hosting 'companies' that have been established for 5 years.

I'm confused, for what purpose would you be requiring this information? To initiate services with them or do you have another motive?
