SIM-403479 - July 24, 2018, 1:25 pm

It's that time of year again! Another year on HF is passing and it has been 8 great years.

Gonna keep this short because today is also my anniversary with my girlfriend (3 years).

Today seems like a great day for me.

Thanks everyone and keep up the good work Omni & Xerotic, HF is improving daily!
