Thread: [Started My Ebay Business!](#)

JAS - July 25, 2018, 3:01 pm

If anyone has any tips please let me know because as for now im going off limited experience, But here is my first item up for sale:

<https://www.ebay.co.uk/itm/183343806675>

Please let me know if theres anything that could be added or changed about it in anyway to help my chances of a sale! ?

People will buy these in bulk from him, coz they are idiots and then sell these for an upcharge. Also people like to deal with American companies versus going to Chinese sites.

Lowered my price to 3.50 and enabled free shipping, that nice banner should lure some people in but so far no sales.

You've just started. What do you expect :D.
Wait a little bit

Is your dropshipping autopilot or you do it manually (when you receive an order on ebay you purchase it on aliexpress or some other site)?
