Thread: [Selly and Rocketr's alternative ?](#)

Tikitaka - July 26, 2018, 4:33 pm

As title said, any Selly and Rocketr's alternative around ?

B FOR BADASS - July 26, 2018, 4:38 pm

Digitox is a nice alternative in my opinion. <https://selfy.com> is another one. Thanks

I heavily recommend Digitox over Sselfy, you will be less prone to investigation and such.

What investigation?

Depending on his usage, he could get investigated by Sselfy and shut down.

Hi,

Is it <https://digitox.net/> ? Look like they've shut down

You don't have permission to access / on this server.

It seems by far still only Selly and Rocketr are providing crypto online store. Any alternative guys ?

Agree with this, shoppy is a really good option.

You should consider using [CoinMall](#) instead. It's got far more features than the alternatives, and is being improved every week.

If you're selling illegal content don't join Rocketr

<https://atshop.io/> or shoppy is always nice. Lots of people switching from selly i heard because they
started closing down lots of shops

If you support selling illegal goods you're going to get fucked
