Bottos AI Data Mining App Beta how to install.

https://www.reddit.com/r/Bottos/comments/8pa8zw/bottos_ai_data_mining_app_beta/0

Currently Bottos AI is the only AI Project with mainnet launched will be fullfledged running when nodes are online. Meanwhile other AI projects are having delayed beta's and still in speculation phase. Bottos already has data mining tasks collected from thousands of people from the community for AI and Machine learning. English version of the app is coming sometime august.
