Thread: [Account Generators Allowed?](#)

Longdog - July 28, 2018, 9:51 am

Not sure if these are allowed again or not. I've been away for awhile.

Even if its not, how much should i sell it for on either this site or others.

Im hoping to have 20+ sites, and do live fresh updates of accounts without needing to update program.

They are not allowed.

Clearly stated in the [Help Docs](#).

Account Generators

We do not allow the sale of account generators. These mainly use combo lists and dumps as their primary function for output. Account Generators also conflict with other site policies regarding our NFA (Non-Free Accounts) pricing minimums.

Clearly stated.

Geez guys im just wondering. I don't have time to check, nonetheless whats the price point this should be at?

There are some like autoflix but those arent generators, they give you an account and until the account its not working it doesnt give you another one.
