Sent you a pm. :)

HYNK made me a thread design as a vouch copy on his other thread, now I've gone back to him to purchase another thread design.

Upon messaging Hynk, I said it was a very 'hasty' project, but that it shouldn't be too hasty for him to put in quality, regardless, he pulled through and delivered a perfectly fine thread design for me within the span of 2 hours from my first message.

Won't hesitate to deal with Hynk again, a great experience as always.

Fast working, reliable and qualitative, 3 things he fulfills.

A big vouch for Hynk and his design skills. He made a thread design and edited another one. He is fast and very helpful. The communication was awesome. He did not get impatient throughout and made changes as per my feedback. He worked for 3+ days with me. His pricing is the lowest for the quality you can get. So, get his services asap. 5 Star rating for him.

hynk was really professional towards our deal . He kept saying i am sorry for not being able to complete a thread design for me within 24 hours even though i never said i am in a hurry. Thread was completed the very next day . Super affordable and he made some changes i asked free of charge , 10/10 would buy again.
