Pretty rare you can but you can find them on [grailed.com](https://www.grailed.com) as they pop up every once awhile anywhere from \$2k to \$3k

Are you allowing a middleman to hold funds until the item is received?

This box logo dropped in 2000 and basically Supreme stole Louis Vuittons Monogram design and put it onto a box logo so they sued Supreme two weeks after the tee dropped so then most of the stock was burned making this tee extremely rare.
