When did you buy? Was it from Digitox or Selly.

All the Digitox orders never went through, no money was received.

Sorry I was banned on HF to everyone that opened Tickets on Selly I did respond and send numerous replacements.

If you are the one that opened a ticket, I sent 4X the accounts to you. Netflix is odd. They block accounts on suspicious login meaning the account was working but your IP flagged it. Just pm me for repalcement with order details.
