Thread: [Selling Marc Jacobs Purse & Make-Up Collection Sweepstakes Win](#)

Too Fresh - July 30, 2018, 6:02 am

I won an online contest/sweepstakes and won a designer purse/bag with beauty products worth \$525-\$575 according to the sweepstakes.

To claim you need to sign an affidavit with SS# etc for tax purposes. It needs to be claimed today or they redraw for a new winner tomorrow.

I'm selling the win for \$100 bitcoin, litecoin, or eutheroum. If you want more details pm me.

I have no use for a purse or make up. So would rather just get cash and someone here can have it/give as a gift to a girlfriend or something.

You could give it to your mother rather than losing it.
