Future Alts - July 31, 2018, 7:49 pm

Hey, HF Users!

Let us introduce ourselves, we are FutureAlts. A Fortnite account service started on discord, moved to twitter and now are expanding on to HF!

Our Shop: <https://digitox.net/u/FutureAlts>

We currently have a wide selection of Fortnite accounts, ranging from the rarest season 1 skins such as Renegade Raider to less rare skins such as Pathfinder, and accounts with 10+, 20+ and 40-50 skin accounts under the 50+ skin section.

We currently accept 2 payment methods and hope to expand soon, BTC, and ETH.

Account Info

The accounts we sell are "Not Full Access" Fortnite accounts. This means these are cracked accounts and can be took back by their OG owners if they are active or notice a change in their account.

All accounts we sell come with a 4 hour warranty. If they stop working, shoot us a DM on twitter @AltsFuture or submit a ticket on Digitox to us.

All vouches can be found on twitter, "@AltsFuture legit". If we provide a good service for you, make sure to vouch for us on HF!

4 hours before they take them back? Makes no sense to me, if their not on in 4 hours and take it back and happens to be the next day they notice their account is tampered with I get fucked over?

Tbh, we are really loose on the replacements, usually we will accept people who respond 1-2 days after. But not always we only gurantee the 4 hours.

Just tried my luck and bought an account, didn't work. It was about 4 minutes after purchasing that I tried the account so hopefully I'm still in that 4 hour window ?

SIM-1908883 - August 11, 2018, 11:41 am

Bought an account, was dead on arrival.

Seems from other posts on this thread that all accounts are dead....

LuckyLuq - August 15, 2018, 8:06 am

Hi i just bought an all stacked black knight via your shop and paid with paypal, however after paying it is stuck on pay with paypal transaction processing

will sent you a pm aswell

PAWG - August 15, 2018, 9:06 am

Seeing how many people are saying your accounts are dead it's not good.

Don't sell products that are working, check all your accounts before sales.

utf-8 - August 15, 2018, 11:20 am

Sticky Dah Icky - August 15, 2018, 1:57 pm

Sounds like a great service you guys are offering! Might possibly be interested!

Reversman - August 15, 2018, 2:40 pm

False ad

I paid \$6 for the pchord and in the description it said it would come with it. Instead I got an account with pathfinder that I paid \$6 for

:(

98% of the comments on this thread are from people who bought, and they're all dead accounts. Thats not a good sign. If I were you i'd look elsewhere.

pillbug - August 15, 2018, 9:17 pm

I didn't even get my accounts I bought, lmao.

Yoinked - August 18, 2018, 4:49 pm

Yeah it's pretty obvious this guy copped my \$35 and dipped

Lives - August 18, 2018, 7:50 pm

I should've read comments first, just purchased an account and it didn't work lmao. GG.

Atty - August 27, 2018, 12:29 pm

DO NOT BUY. I did not receive the account I paid for, plus he is trying to dispute it with PayPal saying he gave me a store credit. Seems very shady and unprofessional.

TheOneAndOnly - August 27, 2018, 3:24 pm

BUY WITH CAUTION. I bought an account and i didn't get the account details. Been waiting for 15 minutes now

EDIT: Received account details, although the login doesn't even work ?

Ambyr - August 28, 2018, 8:45 pm

He's inactive, not worth buying when they aren't working.

Vincentxdae - August 29, 2018, 2:11 am

DO NOT BUY DO NOT BUY DO NOT BUY DO NOT BUY DO NOT BUY DO NOT BUY

I bought 2 accounts and none of them are working, tried to contact the seller and he never replied.. Tried to refund

He is trying to dispute it with PayPal saying he gave me a store credit.
