Not giving out vouch copies as these are eWhore Packs, not eBooks + I have plenty of other vouches on other sites. I've got a pack that is unsaturated and is 20GB. It includes a lot of HQ content. It's the one i'm using at the moment, not sure about selling it but if you offer a decent amount i'll consider it.

You're kidding right. How many skids are gonna try and resell TGF packs? Seriously...

Go to reddit, find the dude, pay the \$25 and get ALL of the packs lol.

People need to stop with this shit. Stop trying to make a quick dollar on people who are just starting out. Half of these packs aren't worth \$1 (the ones you're listing in your thread).
