alright so vouch was given by op in previous thread

This Method Works but the catch is it take complete 1 month for you to setup everything and after that surely your money start rolling in

also its a grey hat method

Hello! This is an invitation by myself, as the current leader of Appraisers, whose purpose is to provide insightful feedback on services and products offered here in the Hack Forums marketplace through the means of reviewing them and ensuring users of what they are going to be purchasing. Please understand that I am not asking for a vouch copy and that you may respectfully decline such an invitation from myself. Thank you.

If you are interested in my invitation and would like to further this discussion, feel free to send me a message by clicking the following link which will send you directly to my PM: [Theocritus](#).

As the previous voucher said , you'll have to wait 30days/1month before starting the method. I don't see any problems with that method if not the "30days/1month" wait. Vouch for this as you can easily make income.

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\[%20 OFF\] Earn 1000\\$ Monthly | Success or Refund | 24/7 Support \[Only 10 Copies\]](#) by "Asebton"

This eBook consists of 2 pages and 1 "method".

The grammar and structure of this eBook seem quite barebones. I saw a decent amount of grammatical errors. And to remind you this eBook is only 2 pages long, so you wouldn't think you could have too many. The structure of the eBook is also quite subpar and nothing special. It's acceptable, but not great.

Now I will be frank here and say that this method is based around the big game reselling website we all know and love. At the very least this method is not like all the others on the same subject, and seems to have some originality to it. Personally, I had not thought about this method before reading this eBook.

It should also be clearly mentioned that as other people have stated already you will use at the very least 30 days before you start earning. I would also advice you have a few hundred extra to invest in this to actually get earning as soon as you can.

The main problem I have with this eBook however is that OP is charging over \$70 for a product with 2 pages, many grammatical errors, no real structure, as well as many missing detailed steps on how to get this method set up properly. Yes, I can understand the bases of how the method is supposed to work, but OP provides so little actual step to step information on how to do it, it's a guessing game at certain points in my opinion. There is so, so much more OP could have done with this eBook to add more value to it. At the very least he could have added a basic step to step guide on how to do this method fully, as I am very sure not everyone is able to understand this and do it successfully just on the basis of this eBook alone.

Now OP does state he helps over Discord, but this in no way justifies not having the information there from the get-go either way.

I could talk more about this eBook and what it is lacking etc etc. But I frankly have better things to do and will just say that it is clearly lacking in many areas.

Also, as I mentioned before, this eBook is currently not worth the price point it is set at in my opinion. With the current content that is there frankly I would not price this over \$20. This is even generous in some ways as I have seen many \$20 eBooks with way more content and proper step by step guides..

Final Thoughts

To OP I would suggest you frankly redo your entire eBook more or less. Fix the grammatical errors, restructure your eBook so it looks proper, add a proper detailed step by step guide on how to execute the method and more. This is the least you can do if you want to actually sell it at the price you are now.

Now if you are considering buying this eBook then I won't lie to you. Yes, the method included here can make you money, I mean it can. But it is so barebones at this time that I am seriously struggling to justify the current price point with the current content included. If OP reduced the price to let's say \$20, until he actually fixes everything I mentioned above, then, and only then would I consider giving this a buy.

Thank you so much for your honest and perfect review! This will definitely help me to improve my e-book.

All grammatical errors will be fixed.

More steps will be added to the e-book to make things more clear and understandable by everyone. I'll help everyone to setup. No more extra 10\$ for extra support.

Price is reduced to 50\$. And %20 OFF > 20OFF

I'll make sure you are ready to earn money. I'll fully refund your money if you can't earn after the successful setup.

Asebton - August 15, 2018, 5:22 am

I've fixed everything about my e-book, added new steps, fixed all the grammatical errors and I'm ready to answer questions and give support to whoever buys my ebook. Price is 50\$ and %20 OFF. Buy it for 40\$ today! Coupon: 20OFF
