Thread: [Made about \\$11,000 in 2 hours.](#)

Drove up state for the weekend and hit up the hotel casino. Sat down with \$650, converted to roughly \$11,300 in about 2 hours. Not bad.

The usual, 6 deck, count and deck penetration, all worked flawlessly. Should have played more but my girl started bitching coz it was 3 am.

Zack Fair - August 5, 2018, 10:35 am

Good for her telling you to get out of there before you end up losing it and throwing a fit at home.

My mentor was straight up losing everything to my name about 8 years ago to a casino. Learned all the methods to empty out any chip rack.

Nice mate, I wonder how she would react if you gambled all those money :D

Zoomer - August 8, 2018, 3:58 am

Gambling is stupid it leaves the mind fragile. You win 11k but you lost your soul in the process.
