Thread: [\(15 COPIES ONLY\) SIMPLE COPY+PASTE METHOD \(\\$40+/DAY GUARANTEED\)](#)

times558 - August 8, 2018, 11:34 am

EDIT: Sales are closed now.

Welcome:

This is a method I started doing almost 2 years ago. I've been thinking about writing this eBook for a long time (as well as many others, so expect more eBooks from me in the future) but only decided to now because of some recent inspiration to share my knowledge with others. The problem with this method is that it can get saturated if many hundreds of people start doing it, so I am only selling 15 copies so that there will be no saturation issues. It did not take long to start making \$40 per day easily with this method, but I later decided to scale up and eventually started to make around \$100 per day with this method, and you can potentially go even further. I will give you all the knowledge and tips you need to both start with this method and to scale the method up.

I also include some text files that can act as templates for this method, allowing you to easily copy+paste and skip lots of the hassle associated with setting things up. This means you will be able to set up things very easily, within an hour or so at most. Then you will have to do small amounts of "work" each time you make some money but this work will not take long.

- Can be done in any country.
- No starting investment is required.
- No dropshipping.
- Nothing illegal.
- No refunds except under exceptional circumstances e.g. you can prove you already knew of this method and have already done it (extremely unlikely but I will give you a full refund if this is the case).

I will give out one vouch copy to a trusted member. EDIT: Decided to send out two vouch copies and both have now been sent out.

Waiting for a positive reviews.

Vouch from me.

After reviewing this method, this is an easy setup everything can be created under 30 mins.

Its all a copy paste game and all you would have to do is wait for the \$ to come in. But you have to be patient.

\$ does not come right away, but when it does it will keep coming.

Op will fully support you in this and if you have any questions he would be able to help you through it.
