For lottery you must put something to giveaway or else no one interested

Umm, I'm pretty sure the prize is based off of how many entries there are how many bytes are in the lottery.

On other lotteries starter invest some bytes to give to community

Hmm I'll probably enter. Or I'll just save my bytes and see if I win any other lottery's ending soon. Might I suggest starting the lottery with some bytes next time so more people will enter. Just a suggestion, though.
