Thread: [Fortnite Record?](#)

oRequiem - August 10, 2018, 7:18 am

So yesterday I landed at Junk Junction (NOT TILTED TOWERS) on Fortnite for the Challenges and I did something crazy.

I dropped 9 kills in a really short amount of time, I don't know if this could be a record of any sort, let me know what you think about my gameplay.

Console players. Jokes aside not bad, compared to some of the videos I've seen of players using a controller, you're pretty good

I am sure people have slayed out even more than that before. That isn't going to be any record.... unless you are only talking about junk.

Still pretty dope.

Recently I had 9 kills somewhere between 2:10 and 1:24 before the first storm started moving.

My personal record is when I had a total of 13 kills in paradise with ~2:30 Mins until the first storm closed.

What setting do you guys have in fortnite ?

I kinda puzzled up my settings now my aim is really bad.

I used to play at sensitivity x + y - 0.7 didn't remember the scope sensitivity.

Solo Squads are easy though.

I'm at 6,6 sensitivity and I use Combat Pro.
