But you're posting in the wrong section.

Two-Ton 21 - August 10, 2018, 7:27 pm

You can run an Android emulator like bluestacks.

google chrome has that but thats not what im looking for.....

Two-Ton 21 - August 10, 2018, 7:45 pm

You could run an Android vbox instead, I'm not sure what limitations you're referring too, unless bluestacks is freemium.

zycamzip - August 10, 2018, 8:23 pm

Bluestacks is a crappy emulator. Try Andyroid instead.

GloryToBe - August 10, 2018, 9:16 pm

MEmu and Bluestacks are pretty good emulators.

.kr. - August 10, 2018, 10:47 pm

I use memu and bluestacks to do something like this.

You can script the userinput with Python AutoGui.
