Is this e-book representing legal and white hat methods? Can a 16-year-old use these methods with ease, or is there ID/ETC verification?

I picked up package #2 and it was worth it for sure, i'm really impressed with how much I learned so far with this method. I've picked up a few money making methods on HF but this one is by far one of the best.

Bought package 2 and it's a very disappointing product.

Here's how the method deals with the most important part of affiliate/CPA marketing, generating traffic (paraphrasing) - "go figure this out yourself". LOL.
