@ EVERYONE. NEVER EVER BUY money making methods from Vyrez. I bought a "private" method with the guaranteed 100% refund if it did not worked out. Let me tell you this: IT DID NOT. I asked him more then a moth already for the refund. But he refugee to give it. Always he has his excuses ready for not giving back my money. I Paid \$150 for it, and got 0.0% profit. I dont even earned my money back. Did nog made any money with it.

VYREZ IS A BIG BIG LIER. HE INVENTED LYING AND SCAMMING. If you dont believe me i can show you the complete Discord chat history where you will see that he is a scammer. I hope he has a very painfull death ones. DONT BUY FROM THIS GUY. DO NOT LET HIM GET YOUR MONEY.

Extremely interested in the Instagram bot, would it be possible to run and manage just from my iPhone?
