**I3ath3I** - August 13, 2018, 6:22 pm

edit: im fine

It was just some pajeet "pranking"

**Vanilla** - August 13, 2018, 6:24 pm

No. I really wouldn't use a personal paypal though. Always use a burner paypal and use a VPN to connect to it. If you forget to use VPN just once you are fucked so be careful. Good luck!

**Sir-Teabag** - August 13, 2018, 6:25 pm

Nope, it's just full of bullshit. All you had to do was block him.

Even if he was a cop, what's he got on you? Your fake photos and fake drivers license lol, not even your real name.

**I3ath3I** - August 13, 2018, 6:25 pm

Definitely doing this after that scare. But do you really think I am fine? I do it on my phone. Should I rinse the phone?

Instagram has your ip, and can hand it to the cops though.

**Artemis Fowl** - August 13, 2018, 6:50 pm

You're absolutely fine. Instagram doesn't care enough to give out personal information to any law enforcement unless they're handing them an affidavit that says they legally have to. Furthermore, Instagram is based in the US. There's nothing an indian street shitter could do to you even if he was a part of RAW.

**I3ath3I** - August 13, 2018, 7:03 pm

Messaged him on another ewhore of mine asking how he is. He just responded after 4 hours.

**NotAFed** - August 13, 2018, 7:04 pm

You're fucked man. I'd burn your house down and go live under a rock until the feds leave you alone. I promise the feds won't go after you for such an illegal wrongdoing. Don't listen to me though, i'm not a fed.

**I3ath3I** - August 13, 2018, 7:06 pm

It's a pajeet who lives in india. Fuck I was worried all day about this for nothing LOL.

**Fiyaa** - August 13, 2018, 7:11 pm

Had this in the past buddy.

Edit: Also to keep you a note, no one is going to say "we are working with the cops" NO one undercover ever says that, its a good scare buddy. Keep ewhoring and keep me updated with the earnings man! :)

**GNUJUNG** - August 13, 2018, 7:16 pm

Lesson, use Linux and configure UFW firewall to only allow connections to VPN IP (Mullvad VPN IP)

This way your IP is only anonymous + use tor on top and tor router == Fun times.

**BTB™** - August 13, 2018, 7:38 pm

Nothing to worry....

Just relax bud.

**I3ath3l** - August 13, 2018, 8:26 pm

Alright i'm cool now guys, thanks. Didn't want the money i made to go towards a lawyer lmfao.

**ISawTheDevil** - August 13, 2018, 8:34 pm

You have been trolled lol

**test** - August 13, 2018, 8:36 pm

The cops have better things to worry about other than this. You're fine.

**Archlights** - August 13, 2018, 9:11 pm

Tactical Pajeet squad ETA. Perpare yourself.

**blackbeard.hacks** - August 13, 2018, 9:20 pm

Yeah I've had Indians do that haha Sometimes I play along, and usually, it turns into "send me pics, or I will have cops arrest you" haha

**MOKA** - August 13, 2018, 9:29 pm

Indian dude working with the cops to find ewhoring accounts? that's obv bs cops are not bothered with shitty ewhoring accounts they is real crime to be caught lol

**gl0ss** - August 13, 2018, 9:33 pm

lol the fact that you actually fell for that is hilarious

**I3ath3l** - August 13, 2018, 9:59 pm

Well it seemed odd, and he never logged in afterward. I knew I shouldn't have fell for it, but something just seemed very off... lol!

**ama** - August 13, 2018, 10:01 pm

Just some foreign dude trying to fuck with you probably cause he was scammed in the past by an eWhorer who doesn't know what they're doing.

You'll be fine OP.

**ISawTheDevil** - August 13, 2018, 10:01 pm

Anyway dude pay attention, you are using the pic of her ID, if is really her ID and she has reported a misuse of it from a previous guy who has been using her pics too, then you might actually get in some troubles, especially if she lives in the same nation as you. Also you are giving her real infos to stranger and this is starting to get illegal too. I think showing this kind of documents is for fools and for lamers. As long you are using some pics that it could be anybody is one thing, but when you are showing pics together with her identity documents pretending to be her then it starts really to be identity theft. You are putting her in danger too.

**I3ath3l** - August 13, 2018, 10:35 pm

You're right, and I won't do that again. Thankfully this is most likely a scare.

**whiteshark73** - August 14, 2018, 12:05 am

WE ARE WORKING WITH THE COPS TRYING TO FIND CATFISHES ON INSTAGRAM

**joys** - August 14, 2018, 3:04 am

what kind of cop says 'now you're going to get arrested'. The cops just pull up on you when you're doing your grocery or some shit.

you're fine. same dude was probably just trying to get free photos out of you

(Aug 13, 2018 06:22 PM)l3ath3l Wrote: [\[CITE\]](#) Hello, so I have been using instagram to ewhore for a couple months now. Today, I was doing my usual selling and an indian guy messaged me to buy. I gave him my prices and he asked for proof that I am real. Well the pack I used has the girl's driver's license, so I sent that pic of her holding it. He then responded with "now you are going to be arrested. We are working with the cops". This has me worried, because he says "we", and his instagram profile follows 36 people, about 30 of whom are non indian and just normal pages, so maybe it is made to look like a normal profile. What eases me is that he sent a sentence of hindi which was normal for an indian pervert, but not of an undercover guy. His english was not so good. Do police actually hire people to scope out instagram ewhores? I did not actually sell anything to him, but I really should not have showed him that license. I deleted the account after that, hoping that he didnt take screenshots so he has no proof to report. If he did, police could get involved and get instagram to recover all the DM's. I did not give him any info that could lead to who I am, but the DM's to others do (paypal).

Am I fucked?

You'll be fine lmao. Especially if you didn't sell him anything. He's just a little bitch trying to scare people.
