Thread: [\[Official Group\] Famous - Buy-Ins | Free Instagram Accounts](#)

**Biggy** - August 14, 2018, 9:33 pm

Decided to do buy-ins for Famous and start giving away Instagram accounts to the members that are in it.

I just did a wipe of some of the group and it's gonna remain with some OG members and new members that buy in.

I'm sure people will have their opinions about this but I don't really care. I'm back to jacking IG stats and I'm gonna give them away to Famous members. They can range from 1k followers to 100k. Won't give out any higher than that TBH. If you're wondering about my history on IG stats, I've probably sold 50+ stats on HF, check my threads.

What you get in Famous:

A userbar

Access to the private forum for instagram giveaways/instagram methods.

Price: 30\$

You can also use HF bits to buy in. Pm me an offer.

I got kicked from this group because i said Biggy was inactive.

Seeing as for a few months i was the only one who made threads, i pushed for a help desk took him 2 weeks to make one. Really nothing special in here

**ama** - August 14, 2018, 9:37 pm

Nice group.

Looks promising.

**Reginald Kray** - August 15, 2018, 1:56 am

Hey, if I buy in would you promise me that I will stay in the group

Bought a membership in a group few days ago and got kicked 2 days later because I couldn't hack and they told me nothing about that I need to hack when I was sending them the money...

That's ridiculous. What group was that?

You will stay in. Trust me. I'm not an asshole.

Unity.

The guy that added me told me to wait him till tonight, he will join me in another group or refund me (I am not sure if he will as another guy contacted me saying he owes hem 1000\$ for over a month)

So please keep me a spot untill tonight.

If he doesn't keep his promise I will buy in

At least 2 months ago , you had told me to contact you to join Famous due to my application.

Never got an answer since then.

Because I didn't want you in the group. No answer means no.

Thanks for the useless comment.

**Nyx** - September 15, 2018, 7:00 pm

How many members are going to be allowed into the group?

I was also wondering if a lot of members have a big social media presence on platforms such as Instagram?

I am looking to grow my following base organically and would love to find a place to connect with other people who use the platform.

I guess what I am trying ask was if there was a group Instagram chat where you you like and comment on other peoples Instagram and they would do the same back.

**Entim Inc** - September 19, 2018, 3:54 pm

How long am I guaranteed to stay in the group if brought in?

Shoot me a PM.
