For anyone too lazy to look, all the contracts for exchanges are at a 1:1 ratio between \$500-2000 paypal for BTC ???

Looking in to each account he's done those contracts w, you find even more accounts that "did" 1:1 rates for high amounts.

<https://hackforums.net/member.php?action=profile&uid=3949953> - 13 min, 48 sec online time

<https://hackforums.net/member.php?action=profile&uid=3955989> - 10 min, 31 sec

^^ both "did deals" w heybaby

"raymond.zyen" and "moxley.kenaz" did a cancelled deal as well.

If I ever feel like I have too much free time, I'mma remember this guy... jesus.
