Repped you if you can send method thank you

packofmidgets - September 2, 2018, 5:25 pm

Not sure how you can post "Paypal CB method" and "Avoid scams" in same sentence lol. This method is specifically to do scams. Buy stuff then do a chargeback to get it all for free if I am not mistaken. I am assuming you tell ppl to use vpn when making the purchase or something that will change your ip then after you purchase dispute it saying it was unauthorised. this is legit low AF. Sadly too many ppl will do this. Oh well there is always BTC.
