Thread: [\[FREE\] Crypting Service \[Private Stubs\]](#)

NYANxCAT - August 16, 2018, 6:42 pm

Hello,

I'm currently trying to understand how long can a file be FUD and AV behavior. So I will offer [LIMITED COPIES] for members, But in return, I want a full feedback.

How to get this service?Reply here with your RAT name and I will PM. Just remember these are limited copies, so you might not take it if you are late.

How to feedback?

After using the crypt file, PM me with these details

- RAT name [.NET only]

- Stability [yes,no]

- detection ratio after next day of use [please don't use VT]

Simple scan example [without icon or assembly info]

ScanTime <https://avcheck.net/id/dMZGBB7Ru6k6>

RunTime

<https://run4me.net/result/d0c7cf94d2240381ddd64f99a17332fb2da17ac228cbb91934c11d067c39696b>

Let's hope the file will be FUD for more than 48h

by the way, You are free to share your file sample with anyone, I don't have anything to hide

I will close the thread after sharing the limited copies

No sorry, But two members PM me, the rest are un-active users... I need active users, So if you want, I will replace one of them with your file.
